

Michael Brewer - Data Analyst

michael@databrewer.pro | (971) 268-8479 | Portland, OR | [LinkedIn](#) | [GitHub](#)

SUMMARY

Data Analyst completing TripleTen's Artificial Intelligence & Machine Learning Bootcamp with skills in Python, SQL, statistical analysis, visualization, forecasting, and machine learning. Built projects analyzing customer transactions, behavior patterns, statistical tests, and sales forecasts. Brings 10+ years across Amazon operations, logistics, content strategy, workflow analysis, and process improvement, translating complex systems into usable business insights.

SKILLS

Python | SQL | Pandas | NumPy | Tableau (Familiar) | Business Intelligence | Statistical Analysis | Forecasting | Data Visualization | Dashboard Development | Data Storytelling | KPI Reporting | Business Reporting | Exploratory Data Analysis | Stakeholder Communication | Cross-Functional Collaboration

TECH PROJECTS

Instacart Market Basket Analysis | 2026 | [Portfolio](#)

- Cleaned 4.5M+ product-order records with Python/Pandas, creating a reliable dataset for customer purchasing and reorder analysis.
- Merged 5 relational datasets into a unified analytical dataset, enabling customer behavior analysis across products, aisles, departments, and reorder activity.

Video Game Sales Forecasting | 2026 | [Portfolio](#)

- Analyzed regional sales behavior across North America, Europe, and Japan, revealing market-specific platform and genre preferences that supported targeted marketing strategies.
- Determined that critic scores were more predictive of commercial success than user ratings, improving confidence in product evaluation and marketing decisions.

EXPERIENCE

Amazon | Operations Problem Solver | 2020 – 2025 | Troutdale, OR

- Contributed to the development and implementation of new operational processes at Amazon's Troutdale fulfillment center, one of the first sites to pilot these workflows.
- Supported one of Amazon's highest-output fulfillment operations, helping maintain productivity, inventory accuracy, and operational continuity under exceptional demand.

ClearVoice | Content Strategist | 2015 – 2019 | Phoenix, AZ

- Improved content performance by conducting SEO research, content audits, and competitor analysis to guide editorial strategy.
- Led content strategy and production across cross-functional teams of writers, editors, designers, brands, and internal stakeholders.

The Arizona Republic | Online Media Intern | 2013 – 2014 | Phoenix, AZ

- Enhanced article visibility, headline performance, and digital engagement through SEO best practices.

ACCEL | Special Education Paraprofessional | 2008 – 2010 | Phoenix, AZ

- Supported instructional decisions and individualized interventions by collecting and analyzing student behavior data.

EDUCATION

TripleTen | Professional Certificate, Artificial Intelligence & Machine Learning | Expected 2026

Arizona State University | Bachelor's Degree in Journalism and Mass Communication | 2013
